

Get Study Metrics
 On Time, Any Time with

DACTracks™

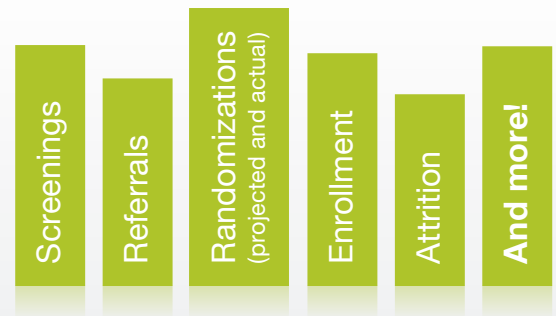

As a clinical trial sponsor, being able to measure your research programs with pinpoint accuracy is a valuable proposition. That's precisely what DAC Patient Recruitment Services (DAC) offers through its proprietary DACTracks technology.

Both site-specific and global data are available.

All the information you need ... right at your fingertips.

You enjoy **24-hour access** to reports on your site's

From the DACTracks home page, view project data at-a-glance, including:

- **Project Details (Top left of portal screen)**
 - Project Name – Client name for project
 - Start Date, Closed Date – Date that the project began/closed at DAC
 - Protocol # – Protocol number for study
- **Global Study Data (Labeled table & top right of portal screen)**
 - Number of Sites – Total number of participating study centers
 - Projected Randomized – Total number of projected randomized subjects
 - Actual Randomized – Total number of actual randomized subjects
 - Actual Screened – Total number of actual screened subjects

DAC REFERRALS
Charts aggregate and site-specific referrals color-coded by referral source

ATTRITION
Calculates the total number of discontinued subjects from the retention campaign and discontinuation data per site

ENROLLMENT
Displays the total number of screened, screen failed and randomized subjects from the recruitment campaign, as well as enrollment numbers per site

IMPACT GRAPH
Maps recruitment trends following the launch of specific initiatives

RETENTION
Features the total number of active and non-active subjects in the study and a summary of discontinued subjects, including reasons for discontinuation

WEB ACTIVITY AND TRAFFIC
Provide comprehensive statistics on study website performance, including unique site visitors, page views, online prequalification, and web traffic sources, including:

- Search Engines – Traffic source through online marketing (Pay-Per-Click Campaign)
- Referring Sites – Traffic source that is referred to study website from another website
- Direct Traffic – Traffic source from direct URL

GETTING Started

Contact us for more information, or to schedule a DACTracks demo. We look forward to serving you.
