### **DAC Names Joellen Ferrentino Client Relationship Manager**

**DALLAS (October 27, 2015)** – DAC Patient Recruitment Services, an Imperial company and leader in patient recruitment and retention in clinical trials worldwide, has appointed Joellen Ferrentino as client relationship manager, responsible for client experience and overall project management. A seasoned professional, she brings more than 14 years of project management, promotional, and patient recruitment development and implementation experience to the DAC team.

Ferrentino previously worked for inVentiv Health, where in her role as a senior patient recruitment manager, she created original, promotional materials and ideas for clients. She developed patient recruitment strategies and directed media research and placement efforts for clients ensuring program milestones and deadlines were met. Ferrentino’s former positions include senior patient recruitment manager, patient recruitment manager, and patient recruitment coordinator.

“Joellen’s proven skill and expertise in customer relations and project management make her an invaluable resource to DAC and ensures our clients will receive the exceptional service they deserve,” said Melynda Geurts, DAC vice president of operations.

“During my time in this industry I have not discovered a specialized functional service provider model like DAC’s – and it sold me. I am honored to be part of an organization with such a stellar record of longevity and achievement,” Ferrentino said. “I look forward to applying my experience to ensure our client’s needs are met and supporting our corporate vision.”

#### **About DAC**

DAC Patient Recruitment Services is proud to be part of the Imperial family of companies—a clinical research support organization also comprising ClinicaLingua Translation Services and Imperial Graphics. Together, these three vertically integrated brands focus on patient recruitment, translation services, and site material production, fulfillment and global distribution. Working in synergy with our sister companies, DAC provides start-to-finish clinical trial solutions with the power of three companies through the convenience of one contact and one contract.
