

HOW WE START FAST AND FINISH FIRST

Speed and flawless execution is what matters today. Our customers live in an environment with a thousand moving pieces and parts, each one with its own timeline, budget, and other associated challenges. Imperial is structured to plug in exactly where our hundreds of sponsor and CRO clients need us.

PATIENT ENGAGEMENT

Our patient engagement team started as a site management organization, not a marketing agency like most companies. This gives us background, perspective, and expertise that others do not have.

ANCILLARY SUPPLIES

We do more than procure - our team manages expiry, technology programming, repackaging, and all related activities to maximize protocol compliance. Working hand-in-hand with your teams, we research and deliver the most effective in-country solutions for your study.

CREATIVE SERVICES

Our award-winning creative team produces unparalleled strategies, including Web, video, and writing for all types of clinical trials.

STUDY STARTUP

We have been a trusted leader in creating and printing patient and physician facing materials for more than 40 years.

PROJECT MANAGEMENT

Our project managers are your point of contact for everything with Imperial. Their customer-centric focus, agility, and attention to detail assure first-rate and faster results.

GLOBAL LOGISTICS

We procure, fulfill, and distribute more than 50,000 shipments annually into over 100 countries for our clients. Our logistics team monitors and manages your products at every step of the way.

CLINICAL TRANSLATION SERVICES

Our team delivers ISO-certified translations into more than 130 languages and dialects. Translators are vetted, in-country, clinically experienced professionals ensuring the highest quality and accurate translations.

STUDY CLOSURE SERVICES

Our proprietary Global Web Management Portal allows your team to manage non-monitor-related activities including generating electronic trial master files, distributing records directly to sites, and requesting interim data releases in anticipation of audits.

The logo for Imperial Clinical Research Services features the word "IMPERIAL" in a white, spaced-out, sans-serif font. A thin green line is positioned above the letters, and a thin blue line is positioned below them. Below "IMPERIAL" is the text "CLINICAL RESEARCH SERVICES" in a smaller, white, spaced-out, sans-serif font.
