Imperial to Attend DIA Conference

GRAND RAPIDS, Michigan, June 15, 2023—Imperial Clinical Research Services will exhibit at the DIA 2023 Global Annual Meeting. The DIA conference takes place at the Boston Convention & Exhibition Center, June 25-29.

Imperial representatives at DIA will include:

- Dan McDonald, Vice President, Business Development
- Alejandro Serricchio, Director, Business Development
- Imogen Cheese, Director, Business Development
- Vaughn X. Anthony, Director, Creative Services and Marketing

Imperial's team welcomes the opportunity to consult with industry professionals regarding Imperial's best-in-class clinical trial support services, which include study and site materials development (design and writing), printing, ancillary trial supplies and equipment, translation, and patient engagement. These services are conveniently available through Imperial all under one roof, providing a single workstream with superior quality, shorter timelines, and lower overall costs.

Imperial representatives will be at Booth 360 throughout the conference. Stop by—we look forward to meeting you. If you would like to learn more about our services, visit [Imperialcrs.com](https://www.imperialcrs.com) or make an advance appointment to meet with one of the team by emailing connect@imperialcrs.com.

The DIA 2023 Global Annual Meeting brings together a global community of life sciences professionals across all discipline levels, highlighting expertise from around the globe to network, problem-solve, and discuss challenges facing the life sciences community.

ABOUT IMPERIAL

Imperial Clinical Research Services, based in Grand Rapids, Michigan, provides first-in-class support for the clinical trial industry through creating branding and research protocol-based content for study and site materials, print and digital production, ancillary trial supplies and equipment management, translation services, and patient engagement. [Contact us](#) for more information on how we can help with your clinical trial.
